## "Over Ya Head"

But am I over ya head?  
Am I over ya head?  
But am I over ya head?  
Yo am I over ya head?  
But am I over ya head?  
Am I over ya head?  
Well am I over ya head?  
Yo am I over ya head?

Huh? What? Where? Who?  
What? Whattyathinkinabout  
when who says what when how  
You can't maybe follow my style  
You be the child, I be the teacher  
Smile, who said when, what  
mouth not shut, what?  
Whenever however whenever  
whatever the cut  
How you maybe could you ever  
believe, that you could so quickly achieve  
these crafts, please laugh at his stupid ass  
upon your knees in glass  
You lust, for everything but trust  
So we bust back, with conciously charged art  
with a mic instead of a brush

But am I over ya head?  
Am I over ya head?  
But am I over ya head?  
Yo am I over ya head?  
Am I over ya head?  
Yo am I over your head?  
Yo am I over ya head?  
Listen..

Yes, us must trust us, who? Us must trust  
not fuss with us, us must trust us discuss trusting us  
Us must trust us, who? Us must trust  
not fuss with us, us must trust us discuss thus trusting us  
Trusting us, us must trust discuss  
Discuss not trusting us must not fuss  
Us with us means us discussing trusting us  
Us must trust us, who? Us must trust  
not fuss with us, us must dicuss trusting us

But am I over ya head?  
Yo am I over your head?  
But am I over ya head?
